UNIVERSITY OF
ILLINOIS AT CHICAGO

33rd annual HONORS DAY

Friday Morning, May 10, 1957, at 10:15

NAVY PIER UNIVERSITY AUDITORIUM

THE LIBRARY OF THE

MAY 27 1957

UNIVERSITY OF ILLINOIS

Illinois

1957

HONORS DAY

HONORS DAY is observed annually as an occasion upon which the University of Illinois gives public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear in this program have won recognition by fulfilling the requirements for one or more of the three following classifications of honors:

Class Honors

College Honors

University Honors

The general Senate Rules for Recognition of Honor Students and the Rules of Procedure by which such students are selected appear on later pages of this program.

AMERICA, THE BEAUTIFUL

O beautiful for spacious skies
For amber waves of grain
For purple mountain majesties
Above the fruited plain.

America! America!

God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea.

O beautiful for patriot dream
That sees beyond the years
Thine alabaster cities gleam
Undimmed by human tears.

America! America!

God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea.

— Katharine Lee Bates

SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or for College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I.”

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

Beginning in 1957, these students receive a Scholarship Key Certificate on the day of the Convocation. An asterisk appears beside their names in the printed program.

HONORARY AND PROFESSIONAL ORGANIZATIONS

Honorary and professional organizations meet the requirements of Honors Day provided that two-thirds of their undergraduate initiates for the year have won a place in the preceding lists. The following organizations have met this requirement and merit the distinction of having their undergraduate elections for the present year printed in this Honors Day program.

ALPHA LAMBDA DELTA

SOCIAL ORGANIZATIONS

Social organizations, whether national or local, and all organized houses which, for the two semesters preceding the Honors Day Convocation, have an average of twenty-hundredths (.20) of a point above the two-semester all-undergraduate average for that period, are entitled to the privilege of being named in the Honors Day program. The following organizations meet this requirement this year.

GENERAL SENATE RULES FOR RECOGNITION OF HONOR STUDENTS

I. CLASS HONORS

Students in the upper ten per cent of each class within the several schools and colleges are awarded Class Honors and are entitled to have their names printed on the Convocation program in recognition of their high scholarship, provided that no student shall be included whose average is below B.

II. COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several schools and colleges are awarded College Honors in recognition of their superior scholarship, provided that no student shall be included whose average is below 4.5.

III. UNIVERSITY HONORS (BRONZE TABLET)

(a) Those seniors who have been in the upper three per cent of their class in the several schools and colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(b) Other graduating senior students who have earned College Honors twice, and whose scholastic averages for all semesters prior to the one in which they are scheduled to graduate are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), are also entitled to have their names inscribed on the Bronze Tablet.

(c) Graduating senior transfer students who have not been at Illinois long enough to be considered under (a) or (b) are also entitled to have their names inscribed on the Bronze Tablet, provided that (1) their scholastic averages in the University of Illinois for the three prior semesters are equal to or higher than the four-semester average of the lowest student currently chosen for University Honors from their school or college under (a), and that (2) their averages in transferred credits are at least equal to the average of the lowest student currently chosen for University Honors from their school or college under (a).

HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades in required physical education are not included. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate, senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the college in which the student is registered. Grades used in determining honors for students shall be those on file in the Office of Admissions and Records. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students are classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters are not considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration (excluding physical education and Rhetoric 100).

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) A first semester thesis course in which the grade is deferred is counted toward the minimum schedule requirement in rule 6 above, but is disregarded in computing the average.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.
